

Policies, Rules, Guidelines and Procedures for Online Abstract Submission

Developmental Vascular Biology Workshop IV
February 10-13, 2010
Asilomar Conference Grounds, Pacific Grove, Monterey, CA

Call for Abstracts:

NAVBO invites you to submit an abstract and share your research, findings and work at the Developmental Vascular Biology Workshop.

1) General Information and Policies –

- a. Abstract submission deadline is 5:00 PM (EST) December 15, 2009
- b. Abstracts will only be accepted online (go to www.navbo.org/event/dvb and click "Submit an Abstract").
- c. Abstracts will be published in the meeting program and will be distributed at the meeting. *See Copyright Transfer Agreement-item 4.* This Workshop is a forum for the presentation of new research findings, and as such the work covered by the abstract should be novel and unpublished.
- d. **Abstract Submission:** Complete required fields in all sections. You may exit and enter the abstract submission process as many times as needed to edit and complete your abstract until 5:00 PM (eastern time) December 15, 2009.
- e. We suggest that you first develop your abstract in a word processing program such as Microsoft Word or WordPerfect, and then copy and paste information into the appropriate section. Since there is no spell or grammar check function with the online submission process, copying and pasting will ensure greater accuracy. However, you should check for accuracy relating to symbols, mathematical expressions, etc. See a sample submission screen at the end of this section.
- f. **Abstract Size and Limitations:** Titles of abstracts are limited to 250 characters, the abstract text is limited to 1,750 characters (both of these numbers include spaces and punctuation). When submitting your abstract the system will alert you if it is too large. Problems regarding this have occurred for users of Mozilla, Safari and Firefox – if you have a problem, please call the NAVBO office. **Use Arial font, 10 point** (selection Size 2 in the pull down – see screen shot below). Do not include authors' names and affiliations within the abstract body. The name of your company or institution will appear as it does in the database. You may edit it at this time to ensure accuracy and completeness. Please enter institution names exactly the same for all authors from a single institution. Please enter complete information for all co-authors including street and email addresses. Do not include references, credits or grant support; however, these should be acknowledged within your presentation.
- g. **Presentation Preference:** There are two presentation formats: poster and oral. Please select your preference when submitting your abstract or select "no preference." Attention will be given to your presentation preference whenever possible. However, since only a very limited number of oral presentation slots are available, in most cases abstracts requesting oral presentation will need to be programmed as poster presentations. Those preferring a poster presentation will be programmed as such.
- h. **Topic Category:** When submitting your abstract, please select the most appropriate topic category. Additional subject matter is welcome; please select OTHER if your abstract falls out of this brief list of topics. *Topics are listed at the end of this document.*
- i. Proofread abstracts carefully to avoid errors before submission. **No proof pages will be sent to authors.**
- j. Incomplete abstracts will be deleted on December 30, 2009
- k. All correspondences will be sent via email to the submitting author only.
- l. **Submission of an abstract constitutes a commitment by the author(s) to present it.**

Policies, Rules, Guidelines and Instructions for Online Abstract Submission

2) Author Designations –

- a. It is desirable that the submitting author (or corresponding author) be the presenting author.
- b. Up to ten additional authors may be listed. Please use consistency when inputting the names of the affiliated institutions.
- c. Presenting authors must be registered for the meeting by December 1, 2009 or risk their abstract being rejected.

3) Disclosure –

- a. Although this workshop does not offer CME credits, NAVBO believes the audience should be informed of a presenter's (speaker, faculty, author, or contributor) academic and professional affiliation, and the existence of any significant financial interest or other relationship a presenter has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation. When an unlabeled use of a commercial product, or an investigational use not yet approved for any purpose, is discussed during the presentation, it is required that presenters disclose that the product is not labeled for the use under discussion or that the product is still investigational. This policy allows the listener/attendee to be fully knowledgeable in evaluating the information being presented.

The Program will note those speakers who have disclosed relationships, including the nature of the relationship and the associated commercial entity. Disclosure should include any relationship that may bias one's presentation or which, if known, could give the perception of bias. These situations may include, but are not limited to: 1) stock options or bond holdings in a for-profit corporation or self-directed pension plan; 2) research grants; 3) employment (full or part-time); 4) ownership or

- b. All authors must complete the disclosure statements; if there are no disclosures or potential competing interests then you must select "No" next to Financial Disclosures.
 - c. If you do have a disclosure (or more than one) select "Yes" next to Financial Disclosure. Complete the form (<http://www.navbo.info/dvbDisclosure.pdf>) and return via email (bernadette@navbo.org) or fax (301) 540-6903 to the NAVBO office no later than December 31, 2009.
